FOREIGN BROADCAST INFORMATION SERVICE

NOTE

JPRS publications contain information primarily from foreign newspapers, periodicals and books, but also from news agency transmissions and broadcasts. Materials from foreign-language sources are translated; those from English-language sources are transcribed or reprinted, with the original phrasing and other characteristics retained.

Headlines, editorial reports, and material enclosed in brackets [] are supplied by JPRS. Processing indicators such as [Text] or [Excerpt] in the first line of each item, or following the last line of a brief, indicate how the original information was processed. Where no processing indicator is given, the information was summarized or extracted.

Unfamiliar names rendered phonetically or transliterated are enclosed in parentheses. Words or names preceded by a question mark and enclosed in parentheses were not clear in the original but have been supplied as appropriate in context. Other unattributed parenthetical notes within the body of an item originate with the source. Times within items are as given by source.

The contents of this publication in no way represent the policies, views or attitudes of the U.S. Government.

PROCUREMENT OF PUBLICATIONS

JPRS publications may be ordered from the National Technical Information Service, Springfield, Virginia 22161. In ordering, it is recommended that the JPRS number, title, date and author, if applicable, of publication be cited.

Current JPRS publications are announced in Government Reports Announcements issued semi-monthly by the National Technical Information Service, and are listed in the Monthly Catalog of U.S. Government Publications issued by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

Indexes to this report (by keyword, author, personal names, title and series) are available from Bell & Howell, Old Mansfield Road, Wooster, Ohio 44691.

Correspondence pertaining to matters other than procurement may be addressed to Joint Publications Research Service, 1000 North Glebe Road, Arlington, Virginia 22201.

[Decree of CPSU CC and USSR Council of Ministers signed by CPSU CC Secretary L. Brezhnev and Chairman of USSR Council of Ministers A. Kosygin: "On Award of 1979 USSR State Prizes in the Field of Science and Technology"]

[Text] Having reviewed the presentation of the Committee for USSR Lenin Prizes and State Prizes in Science and Technology of the USSR Council of Ministers, the CPSU Central Committee and the USSR Council of Ministers decree the award of the 1979 USSR State Prizes:

I. In the Field of Science

1. For the development, creation and placement in operation of linear electron accelerators:

VAL'DNER, Oleg Anatol'yevich and SOBENIN, Nikolay Pavlovich, doctors of technical sciences, heads of chairs of the Moscow Institute of Engineering Physics; VORONKOV, Rostislav Mikhaylovich, candidate of technical sciences, and ZOLINOVA, Lyudmila Grigor'yevna, chiefs of departments of the Moscow Radiotechnical Institute of the USSR Academy of Sciences; GRISHAYEV, Igor' Aleksandrovich, doctor of physico-mathematical sciences, laboratory chief, and KHIZHNYAK, Nikolay Antonovich, doctor of physico-mathematical sciences, department chief, associates of Khar'kov Physico-Technical Institute of UKSSR Academy of Sciences; NIKOLAYEV, Vadim Mikhaylovich, candidate of technical sciences, senior scientific associate; and PRUDNIKOV, Igor' Aleksandrovich, and SMIRNOV, Viktor Leonidovich, candidates of technical sciences, laboratory chiefs, associates of the Scientific Research Institute of Electrophysical Apparatus imeni D. V. Yefremov; and SHIKHOV, Viktor Yakovlevich, former deputy chief of a department of the same Institute.

2. For a series of projects on asymptotic methods of the probability theory published in 1958-1977:

BOROVKOV, Aleksandr Alekseyevich, corresponding member of USSR Academy of Sciences, chief of a department of the Institute of Mathematics of Siberian Department of USSR Academy of Sciences; SAZONOV, Vyacheslav Vasil'yevich, doctor of physico-mathematical sciences, senior scientific associate of Mathematics Institute imeni V. A. Steklov of USSR Academy of Sciences; and STATULYAVICHUS, Vitautas Antanovich, academician of LISSR Academy of Sciences, director of Institute of Mathematics and Cybernetics of LISSR Academy of Sciences.

3. For a series of projects on the development and application of a method of statistical modeling for solving multidimensional problems of radiation transfer theory:

MARCHUK, Guriy Ivanovich, academician, director of Computer Center of Siberian Department of USSR Academy of Sciences, project director; MIKHAYLOV, Gennadiy Alekseyevich, doctor of physico-mathematical sciences, laboratory manager of the same Computer Center; YERMAKOV, Sergey Mikhaylovich, doctor of physico-mathematical sciences, professor of Leningrad State University imeni A. A. Zhdanov; ZOLOTUKHIN, Valeriy Grigor'yevich, doctor of physico-mathematical sciences, deputy director of Institute of Space Research of USSR Academy of Sciences; and CHENTSOV, Nikolay Nikolayevich, doctor of physico-mathematical sciences, senior scientific associate of Institute of Mathematics of USSR Academy of Sciences.

4. For a series of projects on spectroscopy of resonance combination scattering of light and its application in chemistry:

SHORYGIN, Petr Pavlovich, doctor of chemical sciences, laboratory chief of Institute of Organic Chemistry imeni N. D. Zelinskiy of USSR Academy of Sciences, project director; KRUSHINSKIY, Leonid Leonidovich, candidate of physico-mathematical sciences, senior scientific associate of the same Institute; and IVANOVA, Tat'yana Mikhaylovna, candidate of physico-mathematical sciences, senior scientific associate of the Institute of Biophysics.

5. For a series of projects to carry out a scientific program of the "Reverse Transcriptase (Revertase)" Project devoted to the enzymic synthesis of structural genes and their use for a study of the genetic apparatus of animals and viruses, published in 1973-1977:

ENGEL'GARDT, Vladimir Aleksandrovich, academician, director of Institute of Molecular Biology of USSR Academy of Sciences, project director; KISELEV, Lev L'vovich, doctor of biological sciences, laboratory chief, and FROLOVA, Lyudmila Yur'yevna, candidate of biological sciences, junior scientific associate, workers of the same Institute; KAVSAN, Vadim Moiseyevich, candidate of biological sciences, senior scientific associate of Institute of Molecular Biology and Genetics of UKSSR Academy of Sciences; GRAYEVSKAYA, Natal'ya Abramovna, doctor of medical sciences, senior scientific associate of Institute of Poliomyelitis and Virus Encephalitides of USSR Academy of

Medical Sciences; KUKAYN, Rita Aleksandrovna, academician of LASSR Academy of Sciences, director of Institute of Microbiology imeni A. Kirkhenshteyn of LASSR Academy of Sciences; RIMAN, Josef Aloisovich, academician of Czechoslovak Socialist Republic Academy of Sciences, director of Institute of Molecular Genetics of Czechoslovak Socialist Republic Academy of Sciences; ROSENTHAL, Zinaida, academician of GDR Academy of Sciences, head of a department of Central Institute of Molecular Biology of GDR Academy of Sciences; SALCANIK, Rudol'f Iosifovich, doctor of biological sciences, deputy director of Institute of Cytology and Genetics of Siberian Department of USSR Academy of Sciences; SHABAROVA, Zoya Alekseyevna, doctor of chemical sciences, professor of Moscow State University imeni M. V. Lomonosov; and GAZARYAN, Karlen Grigor'yevich, doctor of biological sciences, head of a chair of the same University.

6. For development of new varieties of an intensive type of winter wheat which have become extensively used.

REMESLO, Vasilii Nikolayevich, academician, director of the Mironov Scientific Research Institute of Wheat Selection and Seed Growing; DOLGUSHIN, Donat Aleksandrovich, academician of VASKhNIL [All-Union Academy of Agricultural Sciences of USSR], head of a laboratory of All-Union Institute of Selection and Genetics; KALINENKO, Ivan Grigor'yevich, corresponding member of VASKhNIL, head of a department of Don Zonal Scientific Research Institute of Agriculture; and LUK'YANENKO, Pavel Panteleymonovich, academician.

7. For development of methods for practical treatment of congenital and acquired diseases of young children:

ISAKOV, Yuriy Fedorovich, academician of USSR Academy of Medical Sciences, head of a chair of Second Moscow State Medical Institute imeni N. I. Pirogov, project director; BAIROV, Girey Aliyevich, corresponding member of USSR Academy of Medical Sciences, head of a chair of Leningrad Medical Institute of Pediatrics; and DOLETSKIY, Stanislav Yakovlevich, corresponding member of USSR Academy of Medical Sciences, head of a chair of Central Institute of Advanced Training of Physicians.

8. For development and introduction into clinical practice of new treatment methods based on sorption of toxic substances from the blood and other biological fluids of the body:

LOPUKHIN, Yuriy Mikhaylovich, academician of USSR Academy of Medical Sciences, head of a chair, project director; BURKOV, Igor' Vital'yevich, doctor of medical sciences, senior scientific associate; MOLODENKOV, Mikhail Nikolayevich, candidate of medical sciences, head of a course; and MASHKOV, Oleg Alekseyevich, candidate of medical sciences, head of a laboratory, associates of Second Moscow State Medical Institute imeni N. I. Pirogov; LUZHNIKOV, Yevgeniy Alekseyevich, doctor of medical sciences, director of a department of Moscow State Scientific Research Institute of First Aid imeni N. V. Sklifosovskiy; KHAPILOV, Nikolay Vital'yevich, candidate of technical sciences, head of a laboratory of All-Union Scientific Research and Test Institute of Medical Equipment; LEYKIN, Yuriy Alekseyevich, candidate of

chemical sciences, and RYABOV, Anatoliy Vladimirovich, candidate of technical sciences, docents of Moscow Institute of Chemical Technology imeni D. I. Mendeleev; NIKOLAYEV, Vladimir Grigor'yevich, candidate of medical sciences, head of a department of Institute of Problems of Oncology of UKSSR Academy of Sciences; STRELKO, Vladimir Vasil'yevich, doctor of chemical sciences, head of a department of Institute of General and Inorganic Chemistry of UKSSR Academy of Sciences; and SURINOVA, Sofia Ivanovna, candidate of chemical sciences, head of a laboratory of Institute of Mineral Fuels.

9. For a series of projects to restore recordings of V. I. Lenin's speeches:

GORON, Isaak Yevseyevich, doctor of technical sciences, professor-consultant of Moscow Institute of Electrical Engineering of Communications, project director; SENYURIN, Boris Arkhipovich, deputy director, and VROBLEVSKIY, Andrey Aleksandrovich, candidate of technical sciences, head of a laboratory, associates of the All-Union Scientific Research Institute of Television and Radio Broadcasting; KAZNACHAYA, Bella Yakovlevna, candidate of technical sciences, senior scientific associate, and APOLLONOVA, Lyubov' Pavlovna, head of a sector, former workers of the same Institute; ARSHINOV, Aleksey Ivanovich, deputy chief of a shop of the All-Union Phonograph Recording Studio; ZHORNIKOV, Boris Aleksandrovich, and TABOLIN, Vyacheslav Nikolayevich, sound producers of the State Radio Broadcasting and Phonograph Recording Club; VAYMBOYM, Vladimir Semenovich, candidate of technical sciences; VLADIMIRSKIY, Boris Davidovich, music expert; GAKLIN, David Isayevich, sound producer; and KADUSHIN, Ion Faytelevich, engineer.

II. In the Field of Technology

1. For the development and industrial assimilation of methods for the synthesis and ennobling of gemstone:

BALITSKIY, Vladimir Sergeyevich, doctor of geological and mineralogical sciences, and KHADZHI, Valentin Yevstaf'yevich, candidate of geological and mineralogical sciences, department heads; SHAPOSHNIKOV, Anatoliy Aleksandrovich, candidate of geological and mineralogical sciences, director; ROMANOV, Lev Nikolayevich, chief engineer; SAMOYLOVICH, Mikhail Isaakovich, doctor of physico-mathematical sciences; TSINOBER, Leonid Iosifovich, and TSYGANOV, Yevgeniy Matveyevich, candidates of geological and mineralogical sciences, laboratory heads; BELYAKOVA, Yuliya Andreyevna, candidate of technical sciences, process engineer, and NOVOZHILOVA, Zhanetta Viktorovna, senior engineer, associates of the All-Union Scientific Research Institute of the Synthesis of Minerals; SAFRONOV, Georgiy Mikhaylovich, doctor of chemical sciences, head of a laboratory of the Institute of General and Inorganic Chemistry imeni N. S. Kurnakov of the USSR Academy of Sciences; TURINGA, Aris Petrovich, chief of All-Union Industrial Association for the Survey of Deposits and the Mining and Treatment of Piezo-Optical Raw Materials and Gemstones; and SAMSONOV, Yakov Pavlovich, doctor of geological and mineralogical sciences, senior scientific associate of the Commission for the Study of Productive Forces and Natural Resources of the Presidium of the USSR Academy of Sciences.

2. For theoretical and experimental development and adoption in the national economy of a gamma-spectrometric method for remote sensing of natural resources and for exploration and discovery of deposits of nonferrous, rare and precious metals:

BABKIN, Petr Vasil'yevich, doctor of geological and mineralogical sciences; NAZAROV, Igor' Mikhaylovich, candidate of technical sciences, deputy director of the Institute of Applied Geophysics; BOLTNEVA, Lidiya Ivanovna, and IONOV, Vladimir Aleksandrovich, candidates of physico-mathematical sciences, senior scientific associates, and FRIDMAN, Shepa Davidovich, candidate of technical sciences, deputy head of a department, workers in the same Institute; MATVEYEV, Aleksandr Vladimirovich, candidate of technical sciences, deputy director, STEPANOV, Vyacheslav Borisovich, senior project engineer, FILIMONOV, Vadim Valentinovich, candidate of technical sciences, head of a section [otdeleniye], and FOGT, Pavel Nikolayevich, head of a department, associates of the All-Union Scientific Research Institute of Geophysical Methods of Prospecting; NIKIFOROV, Mikhail Vladimirovich, candidate of physico-mathematical sciences, head of a laboratory of All-Union Scientific Research Institute of Agricultural Meteorology; OSTROVSKIY, Emil' Yakovlevich, doctor of technical sciences, senior scientific associate of the All-Union Scientific Research Institute of Minerals; and DMITRIYEV, Aleksey Viktorovich, engineer-physicist.

3. For the discovery and survey of major reserves of natural gas, gas condensate and gaseous sulphur in reef complexes of Uzbekistan which provided for an expansion in the national raw fuels base:

TULYAGANOV, Khabibulla Tulyaganovich, candidate of geological and mineralogical sciences, minister of geology of UZSSR, project director; AKRAMKHODZHAYEV, Abid Muratovich, academician of UKSSR Academy of Sciences, director of Institute of Geology and Prospecting of Oil and Gas Deposits; IL'IN, Vladimir Davidovich, doctor of geological and mineralogical sciences, head of a sector of the All-Union Scientific Research Institute of Geological Prospecting for Petroleum; IBRAGIMOV, Abduzhabbar, candidate of geological and mineralogical sciences, chief geologist of Uzbek Geological Production Association for Petroleum and Gas Prospecting; KHODZHIMATOV, Abdullo, drilling foreman of the Mubarek Petroleum and Gas Prospecting Expedition of the same Association; BABADZHANOV, Tashpulat Lipesovich, candidate of geological and mineralogical sciences, director of Field and Industrial Geophysics Office; ALIMUKHAMEDOV, Nigmat Khusanovich, candidate of geological and mineralogical sciences, instructor of CC CP of Uzbekistan; and TAL'-VIRSKIY, Boris Borisovich, doctor of geological and mineralogical sciences, head of a chair of Tashkent State University imeni V. I. Lenin.

4. For development and introduction of a scientifically grounded technology for milk production in an industrial type of complex with loose bay housing of cattle on the example of the Kolkhoz imeni Lenin of Tul'skaya Oblast:

STARODUBTSEV, Vasilii Aleksandrovich, candidate of agricultural sciences, chairman of the Kolkhoz imeni Lenin, Novomoskovskiy Rayon, Tul'skaya Oblast,

project director; GUS'KOV, Anatoliy Vasil'yevich, chief of repair-construction section, ZHURAVLEV, Nikolay Aleksandrovich, veterinary assistant surgeon, KOCHETOVA, Nina Tikhonovna, chief zootechnician, KATKOVA, Mariya Mikhaylovna, and KRYSANOVA, Antonina Petrovna, milking machine operators, workers of the same Kolkhoz; and SERGEYEV, Il'ya Andreyevich, candidate of agricultural sciences, head of a laboratory of the All-Union Scientific Research Institute of Animal Husbandry.

5. For creation of a design of the SKT-2 self-propelled tomato harvester and its adoption in agricultural production:

MESHCHERYAKOV, Ivan Kireyevich, chief of Rostov State Special Design Bureau for Agricultural Harvester Machine Systems; RASPOPOV, Aleksandr Romanovich, deputy chief, SHURINOV, Valentin Alekseyevich, head of a department, and CHEBOTAREV, Boris Sergeyevich, head of a sector--associates of the same Design Bureau; GAVRITSKOV, Ivan Ivanovich, candidate of economic sciences, head of a department of the Rostovskaya Oblast CPSU Committee; NIKOLAYEV, Aleksandr Pavlovich, machine operator of the Donskoy Fruit and Vegetable Sovkhoz of Rostovskaya Oblast; PETROV, Gennadiy Dmitriyevich, doctor of technical sciences, head of a department of the All-Union Scientific Research Institute of Agricultural Machinebuilding imeni V. P. Goryachkin; SERDYUKOV, Anton Yegorovich, chief of an administration of USSR Ministry of Agriculture; PAVLIKOV, Anatoliy Mikhaylovich, senior project engineer of the same administration; BONDARENKO, Lev Gavrilovich, director of the Lebyazh'ya Polyana Sovkhoz of Volgogradskaya Oblast; SAVCHENKO, Aleksandr Prokop'yevich, general director of Bel'tsy Moldsel'mash Scientific Production Association; and PUCHILOV, Vyacheslav Georgiyevich, combine operator of Mechanized Detachment No 10 of the Production Association of Mechanization and Electrification of Agricultural Production of the Slobodzeyskiy Rayon Soviet of MOSSR Kolkhozes.

6. For the creation and introduction of automatic coupling devices for pushing vessels and heavy-cargo composite vessels on rivers, lakes and reservoirs under conditions of oscillations and wave action:

ZHUKOV, Vladimir Pavlovich, chief project designer of Novosibirsk Branch of the Central Technical Design Bureau; PETLITSKIY, Yuriy Viktorovich, chief project designer of the Central Design Bureau in the city of Gor'kiy; SMIRNOV, Aleksey Fedorovich, chief designer of the Teplokhod Port and Vessel Equipment Plant; RYZHOV, Leonid Mikhaylovich, doctor of technical sciences, head of a chair of the Gor'kiy Institute of Water Transportation Engineers; STOROZHEV, Nikolay Fedorovich, doctor of technical sciences, head of a chair of the Novosibirsk Institute of Water Transportation Engineers; PUCHIKOV, Anatoliy Yefimovich, former chief engineer of the West Siberian River Steamship Line; SENATOROV, Nikolay Mikhaylovich, captain-second assistant engineer of the motorship "OT-2005"; ZAYTSEV, Aleksandr Alekseyevich, former captain-third assistant engineer of the motorship "Pkhen'yan"; TROFIMOV, Vitaliy Vasil'yevich, deputy minister of the RSFSR River Fleet; MAKARYCHEV, Mikhail Alekseyevich, deputy chairman of the scientific-technical council of the RSFSR Ministry of the River Fleet; TIKHONOV, Vladimir Ivanovich, former chief engineer of the United Volga Steamship Line; and MEYER, Nikolay Fedorovich, shipbuilder.

7. For creation and introduction of high-capacity slab machines for continuous casting of curvilinear blanks for high-capacity metallurgical complexes:

RYZHKOV, Nikolay Ivanovich, former general director of the Uralmash Production Association, project director; KHMICH, Georgiy Lukich, corresponding member of the USSR Academy of Sciences, chief designer of rolling equipment, NISKOVITKH, Vitaliy Maksimovich, chief designer of continuous casting machines; KOLOMEYTSEV, Adol'f Petrovich, deputy chief designer of continuous casting machines, and MOZZHILKIN, German Romanovich, deputy chief production engineer of the Scientific Research Design Technological Institute of Heavy Machinebuilding, workers of the same Association; TSELIKOV, Andrey Aleksandrovich, candidate of technical sciences, head of a department of the All-Union Scientific Research and Planning Design Institute of Metallurgical Machinebuilding; KARLIK, Vitaliy Aleksandrovich, chief of a department of the Central Planning Design Bureau for Production Automation Systems; SLADKOSHTHEYEV, Vladimir Timofeyevich, doctor of technical sciences, deputy director of the Ukrainian Scientific Research Institute of Metals; LEPORSKIY, Vladimir Vladimirovich, candidate of technical sciences, director of the Zhdanov Azovstal' Metallurgical Plant imeni S. Ordzhonikidze; KRULEVETSKIY, Semen Aronovich, chief steel smelter of the Novolipetsk Metallurgical Plant; FILATOV, Viktor Vladimirovich, deputy chief of an administration of the USSR Ministry of Ferrous Metallurgy; and RYKHOV, Yulian Mikhaylovich, candidate of technical sciences, head of a department of the Central Scientific Research Institute of Ferrous Metallurgy imeni I. P. Bardin.

8. For the development and introduction of unitized equipment with small automatic manipulators for assembling the mechanisms of wristwatches:

AFANAS'YEV, Anatoliy Mikhaylovich, fitter of the Second Moscow Watch Plant; CHUCHIN, Yevgeniy Fedorovich, chief of Special Design Bureau of Watch and Stone Machine Tool Building; GRINSHTEYN, Yakov Grigor'yevich, candidate of technical sciences, chief engineer, VAYSMAN, Yevgeniy Grigor'yevich, candidate of technical sciences, chief project designer, MINAKOV, Yuriy Vladimirovich, department head, and SHIRMAN, Abram Moiseyevich, deputy department head, associates of the same special design bureau; GORSHKOV, Vasil'y Yakovlevich, director, L'VOV, Igor' Nikolayevich, department chief, FEDOROV, Vladimir Vasil'yevich, chief of a department bureau, and LEBEDEV, Boris Vladimirovich, adjuster, workers of the Petrodvorets Watch Plant; NOVIKOV, Oleg Dmitriyevich, chief engineer of the All-Union Industrial Association for the Production of Timekeeping Instruments; and FEDOSOV, Vyacheslav Mikhaylovich, department chief of the Penza Watch Plant.

9. For the creation and development of series production of an all-union unified series of 4A asynchronous motors:

BAKUMOV, Yuriy Viktorovich, candidate of technical sciences; VORONOVSKIY, Gennadiy Petrovich, deputy minister of the electrical equipment industry; CAZAROV, Leon Aleksandrovich, chief designer of the All-Union Scientific Research Design Technological Institute of the Ball Bearing Industry; ZINCHENKO, Oleg Leonidovich, deputy department chief of USSR Gosplan; IOSIF'YAN, Andronik Gevondovich, academician of ARSSR Academy of Sciences,

deputy director, and SOROKER, Teodor Gustavovich, doctor of technical sciences, sector chief, associates of the All-Union Scientific Research Institute of Electromechanics; KESTLER, Horst, group director of the Plauen, GDR Machine Tool Building Plant, a people's enterprise; NIEHOFF, Gerhard, deputy general director of the Dresden, GDR Electrical Machinebuilding Combine, a people's enterprise; KLIMOVICH, Gennadiy Mikhaylovich, production design engineer of the Mogilev Elektrodvigatel' Plant imeni 50th Anniversary of the USSR; KOSTROMIN, Viktor Grigor'yevich, candidate of economic sciences, director of the All-Union Scientific Research and Planning Design Institute of the Technology of Electrical Machinebuilding; PETROV, Viktor Mikhaylovich, candidate of technical sciences, director of the Scientific Research Planning-Design and Technological Institute of Electrical Machinebuilding; and RADIN, Vladimir Isakovich, doctor of technical sciences, chief designer of the Moscow Electrical Engineering Plant imeni Vladimir Il'ich.

10. For the creation of new technology and the organization of mass production of long-distance cables in aluminum and steel sheathing instead of lead:

BANKOV, Yevgeniy Yakovlevich, general director of the Moskabel' Production Association; LAKERNIK, Rafail Moiseyevich, candidate of technical sciences, deputy chief engineer, SVIDOVSKIY, Feliks Grigor'yevich, bureau chief, and YUDIN, Vladimir Vasil'yevich, deputy shop chief, workers of the Moskabel' Plant of the same association; AVINOV, Aleksandr Ivanovich, adjuster of the Kuybyshev Kabel' Production Association; CHEREDNICHENKO, Genrikh Moiseyevich, candidate of technical sciences, senior scientific associate, ARTAMONOV, Vladimir Stepanovich, and NEDODAYEV, Yuriy Mikhaylovich, chief project designers, associates of the All-Union Scientific Research and Planning Design Institute of Metallurgical Machinebuilding; VIGDOROVICH, Yuriy Borisovich, chief project designer of the All-Union Scientific Research and Planning Design Institute of High Frequency Currents imeni V. P. Vologdin; LUNIN, Igor' Vyacheslavovich, laboratory head of the same Institute; KASHUTIN, Aleksandr Aleksandrovich, candidate of technical sciences, laboratory chief of the Central Scientific Research Institute of Communications; and BARON, David Abramovich, former chief production engineer of the All-Union State Specialized Trust for the Construction and Assembly of Intercity Wire Communications Facilities.

11. For the design study, production development and introduction into the national economy of the T-250/300--240 steam heat turbine on supercritical steam parameters:

VODICHEV, Vasily Ivanovich, chief designer for steam turbine building of the Turbomotor Plant Production Association imeni K. Ye. Voroshilov; OSIPENKO, Vladimir Nikolayevich, chief engineer, VELIKOVICH, Vladimir Iosifovich, design bureau chief, FILIPOVICH, Al'bert Nikolayevich, deputy chief production engineer, GOL'DBERG, Isaak Iosifovich, and TRIGOLOS, Grigoriy Sergeyevich, design bureau group directors; VEREVKIN, Vasily Semenovich, brigade leader of electric welders, and RYBIN, Pavel Grigor'yevich, senior foreman, workers of the same association; ZVEGINTSEV, Anatoliy Vasil'yevich, director of TETs [heat and electric power station] No 22, and SEREBRYANIKOV, Nestor Ivanovich, chief engineer--workers of

the Moscow Regional Power System Administration; NEUYMIN, Mikhail Ivanovich, candidate of economic sciences, deputy minister of power machinebuilding; and FADEYEV, Aleksandr Nikolayevich, manager of the State Union Moscow Trust for Installation of Thermal Power Equipment.

12. For the development, setting up of series production and placement in operation of an automated air traffic control radar for airports with high flight density (the Start AS UVD [automated air traffic control system]):

ANISHCHENKO, Petr Maksimovich, candidate of technical sciences, department chief of a scientific research institute, project director; ABROSIMOV, Vladimir Nikolayevich, DUBROVIN, Georgiy Ivanovich, LUR'YE, Leonid Osipovich, and OBUKHOV, Viktor Ivanovich, sector chiefs; SPIROV, Sergey Vasil'yevich, candidate of technical sciences, director; LAPIN, Boris Anatol'yevich, candidate of technical sciences, department chief, SOLOV'YEV, Aleksey Alekseyevich, candidate of technical sciences, laboratory chief, SHELGUNOV, Aleksey Alekseyevich, chief engineer, associates of the same Institute; ANODINA, Tat'yana Grigor'yevna, candidate of technical sciences, chief of an administration of the Ministry of Civil Aviation; and SMIRNOV, Lev Leonidovich, engineer.

13. For creating the scientific fundamentals of technology, development of a system of highly effective equipment and wide introduction of impulse laser welding and heat treatment in the production of electronic instruments and radio components:

STEL'MAKH, Mitrofan Fedorovich, doctor of technical sciences, director, CHEL'NOY, Aleksandr Aleksandrovich, laboratory chief, TIMOFEYEV, Anatoliy Ivanovich, deputy chief engineer, and VAKULENKO, Vladimir Mikhaylovich, candidate of technical sciences, department chief, associates of a scientific research institute; PRAVEDNOV, Viktor Fedorovich, plant director; GONCHARENKO, Valeriy Pavlovich, department chief of the Special Industrial Tools Design Bureau, RYKALIN, Nikolay Nikolayevich, academician, laboratory head of the Institute of Metallurgy imeni A. A. Baykov of the USSR Academy of Sciences; UGLOV, Aleksandr Alekseyevich, doctor of technical sciences, senior scientific associate of the same Institute; GARASHCHUK, Vitaliy Pavlovich, candidate of technical sciences, senior scientific associate of the Institute of Electric Welding imeni Ye. O. Paton of the UKSSR Academy of Sciences; GORYACHEV, Nikolay Sergeyevich, section chief of the Scientific Research Institute of Technology; and ARTEM'YEV, Andrey Ivanovich, chief project designer of a precision machinebuilding design bureau.

14. For the development and introduction of progressive technical solutions for the placement in production in short periods of time of the Talnakh-Oktyabr'skiy Polymetal Deposits, which ensured a sharp increase in production of nonferrous metals at the Noril'sk Ore Mining and Smelting Combine:

ARBIYEV, Kemal' Kazbekovich, candidate of technical sciences, deputy chief of the Soyuznikel' All-Union Industrial Association; BLAGIKH, Boris Mikhaylovich, former deputy director of the Noril'sk Ore Mining and Smelting Combine imeni A. P. Zavenyagin; POLYAKOV, Yuriy Vasil'yevich, deputy director,

and OSKOLKOV, Vladimir Vladimirovich, chief engineer of the Noril'sk Projekt Institute; SHEVCHUK, Gennadiy Pavlovich, chief projects engineer of the same Institute; MEZENTSEV, Kazbek Timofeyevich, candidate of technical sciences, director of a mining administration, and KARGINOV, Kazbek Georgiyevich, candidate of technical sciences, manager of a shaft cutting trust, workers of the same Combine; MEL'NIKOV, Nikolay Vasil'yevich, academician, director, BRONNIKOV, Dmitriy Mikhaylovich, corresponding member of the USSR Academy of Sciences, deputy director, and ZAMESOV, Nikolay Fedorovich, candidate of technical sciences, laboratory chief, associates of the Institute of Problems of Complex Development of Mineral Deposits of the USSR Academy of Sciences; ZHMURKO, Petr Trofimovich, deputy minister of nonferrous metallurgy of the USSR, and PALIY, Viktor Dement'yevich, candidate of technical sciences, laboratory chief of the All-Union Scientific Research Institute of Mining Geomechanics and Mine Surveying.

15. For the development and introduction of highly effective structural steels with carbonitride hardening for assembled steel sections of buildings, structures and bridges:

DOVGOPOL, Vitaliy Ivanovich, doctor of economic sciences, director of Ural Scientific Research Institute of Ferrous Metals; SYREYSHCHIKOVA, Vera Ivanovna, candidate of technical sciences, head of a laboratory of the same Institute; GLADSHEYN, Leonid Isaakovich, candidate of technical sciences, department head, and KUZNETSOV, Vladimir Vasil'yevich, chief engineer, associates of the Central Scientific Research and Planning Institute of Structural Steel Sections; GOLOVANENKO, Sergey Aleksandrovich, doctor of technical sciences, director of the Institute of High-Grade Steels; RUDCHENKO, Andrey Viktorovich, candidate of technical sciences, head of a laboratory, workers of the Central Scientific Research Institute of Ferrous Metallurgy imeni I. P. Bardin; GOL'DSHEYN, Mikhail Izrailevich, doctor of technical sciences, head of a chair of the Ural Polytechnical Institute imeni S. M. Kirov; PIKHULA, Ivan Andreyevich, director of the Chelyabinsk Assembled Steel Sections Plant imeni Ordzhonikidze; MATUSHKIN, Andrey Semenovich, foreman of the Orsk-Khalilovo Metallurgical Combine; BALDIN, Viktor Alekseyevich, doctor of technical sciences, department head of the Central Scientific Research Institute of Construction Materials imeni V. A. Kucherenko; and ZHBANOV, Aleksandr Mikhaylovich, candidate of technical sciences, department head of the Tulachermet Scientific Production Association.

16. For the development and mastery of fundamentally new technology and units for mass production of high-grade seamless pipes:

YESAULOV, Aleksandr Trofimovich, director of the Nizhnedneprovsk Pipe Rolling Plant imeni K. Libknekht; SHEVCHENKO, Pavel Sidorovich, department chief, and SHIFRIN, Isay Zakharovich, candidate of technical sciences, shop chief, workers of the same plant; BOBOVNIKOV, Nikolay Georgiyevich, deputy general director of the Elektrostal'tyazhmash Production Association; KOVTUSHENKO, Anatoliy Aleksandrovich, candidate of technical sciences, department chief, and PETROV, Yuriy Vasil'yevich, chief project engineer, associates of the Elektrostal' Scientific Research, Planning-Design and

Technological Institute; KAMENSKIY, Leonid Alekseyevich, candidate of technical sciences, former chief metallurgist of the Elekstrostal' Heavy Machinebuilding Plant; VERDEREVSKIY, Vadim Anatoliyevich, doctor of technical sciences, section head of the All-Union Scientific Research and Planning-Design Institute of Metallurgical Machinebuilding; GRINSHPUN, Arkadiy Iosifovich, candidate of technical sciences, department head of the same Institute; ZINCHENKO, Aleksandr Seliverstovich, director of the Ukrainian State Institute for the Planning of Metallurgical Plants; OSTRENKO, Viktor Yakovlevich, corresponding member of the UKSSR Academy of Sciences, department head of the All-Union Scientific Research and Design-Technological Institute of the Pipe Industry; BALAKIN, Valeriy Georgiyevich, department chief of the All-Union Industrial Association for the Production of Steel and Cast-Iron Pipes.
